Application for a Scientific Research Network (WOG)

Research Foundation – Flanders (FWO)
Egmontstraat 5 – B-1000 BRUSSELS
Phone: +32 2 512 91 10 – Fax: +32 2 512 58 90
E-mail: interprog@fwo.be
Website: http://www.fwo.be

What is this form?
With this form you can apply for a grant for a Scientific Research Network (WOG) at FWO.

How to submit this form?
This form has to be submitted before the 1st of October via interprog@fwo.be and a copy of the application file needs to be sent to the rector’s office or the head of your host institution. Whenever you submit a new application, please update your personal details (personalia) in the e-portal, especially your bibliography.

How does the FWO handle the data in this form?
The FWO uses your information only for processing your candidature. The data will be handled confidentially and won’t be disclosed to third parties.
As soon as the FWO has processed your application, you will receive a notification message.

Details of the Scientific Research Network (WOG)

Title of the Scientific Research Network (WOG)

Give the Dutch title of the Scientific Research Network (WOG) that will be set up.
Use max. up to 80 characters, including spaces.

Give the English title of the Scientific Research Network (WOG) that will be set up.

Give the scientific research areas in which the Scientific Research Network (WOG) is situated.

Area 1

Area 2

Area 3
Description of the collaboration

Give a short description of the scientific targets of the collaboration that the Scientific Research Network (WOG) aims to achieve within the five coming years.

The description cannot exceed 1 page (A4).
## Details of the Flemish research units

### Details of the Flemish research unit that acts as core group

Complete the details of the Flemish research unit to which you are affiliated.

</tr>
</tbody>
</table>

Give a short description of the specific contribution of the research unit.

Give the major research topics of the research unit.

Give the three most important publications of the research unit, published within the last five years.

For each publication, mention the following data:
- the title, completely without abbreviations
- the number of pages and, for publications part of a book or magazine, the reference ‘from page x to page y’
- the names of the authors, according to the presentation order.

The FWO reserves the right to call for offprints.

</tbody>
</table>

Give a short description of the specific contribution of the research unit.

Give the major research topics of the research unit.

Give the three most important publications of the research unit, published within the last five years.

For each publication, mention the following data:

- the title, completely without abbreviations
- the number of pages and, for publications part of a book or magazine, the reference ‘from page x to page y’
- the names of the authors, according to the presentation order.

The FWO reserves the right to call for offprints.
Details of the third Flemish research unit

Complete the details of the third Flemish research unit.

name research unit

name host institution

address

phone

fax

Complete the details of the head of the research unit.

first name and surname

position

Complete the details of the key members of the research unit who are involved in the collaboration.

Give a short description of the specific contribution of the research unit.

Give the major research topics of the research unit.

Give the three most important publications of the research unit, published within the last five years.

For each publication, mention the following data:

- the title, completely without abbreviations
- the number of pages and, for publications part of a book or magazine, the reference ‘from page x to page y’
- the names of the authors, according to the presentation order.

The FWO reserves the right to call for offprints.
Details of a research unit not part of the Flemish Community

Complete the details of the research unit, not part of the Flemish Community.

**name research unit**

**name institute or university**

**address**

**phone**

**fax**

Complete the details of the head of the research unit.

**first name and surname**

**position**

Complete the details of the key members of the research unit who are involved in the collaboration.

Give a short description of the specific contribution of the research unit.

Give the major research topics of the research unit.

Give the three most important publications of the research unit, published within the last five years.

*For each publication, mention the following data:*

- the title, completely without abbreviations
- the number of pages and, for publications part of a book or magazine, the reference ‘from page x to page y’
- the names of the authors, according to the presentation order.

The FWO reserves the right to call for offprints.
Details of a research unit not part of the Flemish Community

Complete the details of the research unit, not part of the Flemish Community.

name research unit

name institute or university

address

phone

Complete the details of the head of the research unit.

first name and surname

position

Complete the details of the key members of the research unit who are involved in the collaboration.

first name and surname | position

Give a short description of the specific contribution of the research unit.

Give the major research topics of the research unit.

Give the three most important publications of the research unit, published within the last five years.

For each publication, mention the following data:

– the title, completely without abbreviations
– the number of pages and, for publications part of a book or magazine, the reference ‘from page x to page y’
– the names of the authors, according to the presentation order.

The FWO reserves the right to call for offprints.
**Interaction between the research units**

Explain the existing or future interaction between the involved research units and the scientific complementary contribution.

---

Is there other funding for the collaboration, currently running or in the future, than the grant you apply for with this form? If so, give a description of this other funding.

---

**Motivate why you apply for this grant.**

Clearly demonstrate that the grant applied for will be:

- essential and necessary for setting up or managing the collaboration
- contributing to the scientific coordination in Flanders
- contributing to the internationalization of scientific research at Flemish institutions
- leading to an added value for the Flemish scientific potential.
