Ecocheques now available

As part of the implementation of the Collective Labour Agreement (CAO) IV for universities, everyone at the VUB who receives a salary or a bursary from the university and is covered by Belgian social security, is entitled to ecocheques for the year 2017. The reference period for the calculus of the amount ecocheques is from 01/10/2016 until 30/09/2017. Exceptions to this are the members of the ‘integratiekader’, students with a student job and salaried emeriti.

These ecocheques can be used to purchase ecological products and services. Click here for a full explanation and list of products and services which can be purchased with ecocheques.

The value of the ecocheques is fixed at €108 per year for full-time employees. Part-time employees receive ecocheques for a sum proportionate to their contracted hours.

You will find all the practical information about the distribution of the ecocheques on the intranet under ‘Directie Personeel’ at ‘Newsflash Personeelsdirectie’.

For further information and questions, you can contact David Melaerts, HR Compensation & Benefits Officer, (employee.benefits@vub.be).
